## **Networking, Information and Vision-Setting Round Table Meetings**

Ausdance Victoria, the peak body for dance in the State invites all non-Melbourne based dance communities, performers, choreographers, teachers, students and artists to attend networking, information and vision-setting sessions across regional Victoria between April and May 2010.

This invitation is open to anyone in regional Victoria involved in any dance form whatsoever; professional or recreational, hip hop, krumping, belly dancing, Indigenous, classical, ballroom, old time, tap, jazz, country, traditional or modern, community, multicultural, experimental or maybe still in the process of being invented! Whatever form your dancing takes, as a member of the dance sector in regional Victoria, you are invited to come along.

### **The aims of the round table meetings are**

- to introduce the new Director of Ausdance (Victoria) to members of the regional dance sector;
- to inform the regional dance community of various avenues of support for the sector through Ausdance and other sources;
- to seek a closer relationship between members of the regional dance sector, their Local Council and Ausdance;
- to identify and work with existing and new possibilities, opportunities and potential for regional dance growth and greater recognition.

The information, ideas, opinions and recommendations from those attending the meetings will form the basis of an Ausdance report that will guide planning for future support for the dance sector across regional Victoria.

Fifteen Local Councils spread across the region are participating in this program and will be providing the venue for the round table meeting in their area. If you wish to attend one of the sessions, please book yourself in by phoning or emailing the contact person in the location closest to you (see table overleaf).

Further information about each roundtable will be posted on the Ausdance Vic's website:

Please feel free to pass this on to interested colleagues and friends and we look forward to meeting you!
