

# Cultural Tourism Accelerator

## FAQs

### Is this the same as the RAF?

No. It is delivered through the RAF structures, but this is a new and unique program, aimed at increasing visitation to existing arts and cultural venues, events and programs.

This is not a fund for new projects.

### What is “visitation” in this context?

Physical attendance by someone whose postcode is different from that of the project location they are visiting.

### Does it include digital attendance?

No, it only includes physical attendance at a venue, event or program location.

### Can individuals apply?

Individuals are eligible to apply, but we suggest a stronger application would be made by partnering with an organisation or a business.

### Who can apply?

Individuals, Australian Incorporated Associations and Local Government organisations that are located in MM2-MM7.

### What is MM2 – MM7?

MM stands for Monash Model, it is an Australian Government regional classification system that is used by the Regional Arts Fund to determine eligibility.
